LIGHTHOUSE TO URUGUAY

Ministry Light

Our first two months of deputation have been enjoyable, exhausting, rewarding, frustrating, exciting and so many other emotions. It is hard to believe that it has been two months already. We have gone from Florida to Canada with stops in several other states. God has blessed beyond belief over these past couple of months with many wonderful churches and people.

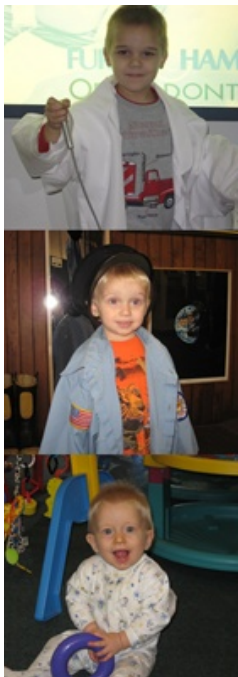

Over July and August, we have had six new churches partner with us financially, bringing us to 35% support. Many churches have said that they would be praying for us as well. We are so grateful for God's people and how they encourage us and are very aware of their prayers on our behalf.

We would ask you to continue to pray for the following:

- Safety on the roads
- Health for the family. We have been fighting several different bugs.
- For our van to keep plugging on.
- Opportunities to be a faithful and bold witness of Jesus Christ.

Family Light

Being missionaries has given us many opportunities to pass out tracts and talk to people about what we're doing. While in New York, a little boy from one of the churches gave our oldest son Jeshua (he is four-years-old) a tract. Jeshua asked us what it said. We explained to him that it was the message of Jesus dying on the cross so that man could be saved. He said, "We will have to find someone who does not know Jesus and give this to them." This obviously thrilled our hearts. What he did next was even more exciting.

We went out to a restaurant with the Pastor and a couple of church members and Jeshua still had his tract in tow. He began walking around to different tables asking them if they knew Jesus. They all responded in the affirmative. A short time later, a young couple sat down at the table behind us. Jeshua eventually walked over to their table and tried to give his tract to the lady. When she asked what it was about, he informed her that it was about Jesus and how He died for our sins. However, before the conversation could go any further, Jeshua exclaimed, "Oh look a fish tank!" as he spotted the goldfish swimming in the background. That was the end of our little evangelist's efforts for the day.
